February 17th, 2019 - Its bark is smooth when young of a vinous maroon or red brown color for the American chestnut grey for the European chestnut With age American species bark becomes grey and darker thick and deeply furrowed the furrows run longitudinally and tend to twist around the trunk as the tree ages it sometimes reminds one of a large cable with twisted strands

Purple Robe Locust Flowering Trees Stark Bros

September 17th, 2015 - BEST ANSWER Tammy I was a former Environmental Health Specialist so I know about septic system issues I would not plant any tree too close to your septic field because trees will seek out the water from the leach field Plant at least 30 feet or more away from the leach field especially when you are dealing with a large tree such as the Purple Robe Locust
