The Scientist as Rebel New York Review Books Goodreads

August 25th, 2014 - Very interesting collection of essays most of them start out as book reviews for example on Teller s autobiography or Dennett s Breaking the spell but since the New York Review of Books lets you write 4000 to 5000 words Dyson often uses the book review as a starting point to philosophize about the book s field the history of the field his ideas and viewpoints the relationship between the field and society the possibility of evil etc
